MBS DEV Announces Relocation: Success in Key Vertical Distribution Markets Drives Growth and Office Move for Colorado-Based Software Company

ENGLEWOOD, CO. – (October 18, 2011) MBS DEV, a leading enterprise resource planning (ERP) software provider for distributors, wholesalers, and resellers, today announced the company’s move from its former location in Englewood, CO to a larger space in the Denver Tech Center effective October 17, 2011. Driven by the substantial successes company programs have held for distribution businesses in the office products, technology products, industrial products, and janitorial and sanitation products supply industries—and the resulting staff growth required to accommodate demand—the company has relocated to 16,000 square feet at a new Belleview Tower office at 7887 East Belleview Avenue.

MBS DEV provides solutions to streamline business operations in areas including [eCommerce](#), [customer relationship management](#) (CRM), and [high volume distribution](#).

“Our recent growth is a testament to our effectiveness in delivering powerful and advanced industry solutions,” said Paul Hesser, chief operating officer at MBS DEV. “Our ongoing commitment to business optimization, scalability, and customer care is part of our integrated approach and will remain central to our strategy as we continue to grow.”

The company forecasts continued growth into the foreseeable future, with staff additions planned through second quarter 2012. To learn more about MBS DEV, including career opportunities, visit www.mbsdev.com.

About MBS DEV

MBS DEV, Inc. provides business solutions for distribution organizations through the delivery of industry-focused software, professional services, maintenance, and support programs.
